

The Girl Scout Silver Award is the highest award that can be earned by a Girl Scout Cadette. By earning this award you not only strengthen your skills and abilities, you learn about your community and take action to make the world a better place! Your Girl Scout Silver Award project fills a need and makes an impact in your community.

2014 Recipients

Adopt Grandparents

Troop 30528

Sira Gardner, Megan Wig, Rose Marie Abate and Mackenzie Rice

For our Silver Award project, we worked with Pleasantries, an adult day care for people with Alzheimer's disease. We organized social activities with the participants of the program and educated others about the difficulties faced by people with this disease and how they can help. We encourage others to join and continue our adopt-a-grandparent program we established at Pleasantries.

Keep Dogs and Cats Safe and Out of Shelters

Troop 30528

Sherilyn Hinchey, Elise Gallagher and Nicole English

For our project, we taught children how to knit so they can pass the knowledge on to others and help our community. During the class, we educated them about Northborough Helping Hands to show how kids how they can help better their community through the local Giving Tree program which provides warm hats, mittens and scarves to people in need. We created easy to learn knitting videos for YouTube and our advisor is going to show her classes our videos in the future and educate them about the project.

Knitting for Those in Need

Troop 30484

Natalie Sunray and Sarah Newman

For our project, we taught children how to knit so they can pass the knowledge on to others and help our community. During the class, we educated them about Northborough Helping Hands to show how kids how they can help better their community through the local Giving Tree program which provides warm hats, mittens and scarves to people in need. We created easy to learn knitting videos for YouTube and our advisor is going to show her classes our videos in the future and educate them about the project.

Weduuce Weuse Wecycle to Help the Needy

Troop 30484

Isabella Masciarelli, Ruth Ricciuti and Gabriella Thompson

We have a passion for helping our community and we all have an interest in school and teaching. We began by researching schools in Worcester with low-income families who could not afford all the supplies needed for school. We then put together a school supply drive and raised money to purchase backpacks. These supplies were brought to Burncoat Preparatory School, where the children will receive these supplies for years to come. We benefited from this experience just as much as the school we helped.
